## Valuing Volunteers Policy

Derrynoose GAC recognises the valuable input of volunteers to our club. We are committed to supporting our volunteers in their role. The following procedures for recruitment of volunteers will assist in placing them in a situation to which they are suited and help in the protection of children and volunteers alike.

The club will:

- Provide training for volunteers in their role by urging them to attend Ulster Club Maith Officer Training Programme
- Make vacancies within the club openly available to interested and qualified applicants
- There may be need for new club coaches who have substantial access to children regardless of whether they are paid or no, to have their background checked
- All recommendations for member appointment should be ratified by the club's Executive Committee. The decision to appoint team managers is taken in conjunction with the relevant sub committee, executive committee and Coaching Officer
- One recruited into the club, all volunteers should be adequately managed and supported
- Any statutory guidelines should be adhered to

This document has been approved by the Executive Committee and serves as the working recruitment policy document of Derrynoose GAC.
